Overview of Disabled Parking Program for the 2014 Home Football Games

Welcome – Rules – Procedures

WELCOME:
The Office of Equal Opportunity and Compliance (EOC) is excited to facilitate the upcoming 2014 Disabled Parking Program for home football games. This is the 11th season EOC has coordinated this Program. It is our intention to provide our disabled and non-disabled football fans the opportunity to fully participate in the game day experience. We hope the following information is useful and informative.

RULES:
1. Applicants must have a valid (blue or red) Department of Motor Vehicles (DMV) issued disabled parking placard.

2. Available spaces will be issued by demand until maximum capacity is reached. Thereafter, members who wish to participate in the program will be placed on a waitlist.

3. Incomplete request packets will not be processed by EOC. A completed request packet consists of: (1) an application (indicating the games you are attending); and (2) a copy of your disabled parking placard.

4. If an applicant is assigned two spaces, one through Boosters and the second through the Disabled Parking Program, Boosters will reassign the Booster-allocated parking space to another Booster member.

5. The applicant (placard holder) assigned the disabled parking space must be in attendance at the football games in order to use the assigned space. If the placard holder is not in attendance, then alternative parking must be used. Each applicant will need to show ID at the Garage entrance.

The dedicated disabled parking spaces are located either adjacent to the stadium or in parking garage 6/lot 9 (Pensacola and Walker St.). After all parking spaces have been assigned to applicants, EOC will mail out the game day placards and/or waitlist information, a map indicating the location, and directions to the lot by the end of August 2014.
1) Parking on game day:
   2) All parking placards will be issued for Lot 9 (Parking Garage 6). (See Map)
      a) The assigned game day parking placards must be hanging from the rearview
         mirror of your vehicle at all times to avoid being towed.
      b) Will be available for parking five (5) hours prior to kick-off or otherwise noted.
      c) Do not have a designated time to vacate after the end of the game.
      d) Upon arrival, show game day placard and ID to Lot 9 attendant.

3) Shuttle Service:
   a) Dial-A-Ride bus service:
      The shuttles will run prior, during, and after the game. The shuttles will be
      available for drop off and pick up to and from the parking garage and the
      Stadium bus circles at Gate’s D and H.
   b) GOTCHA Car:
      i) Gotcha will run prior, during, and after the game and will be available from the
         Dial-A-Ride drop off points to take you to and from all gates.
      ii) There’s no charge for the Gotcha service.

4) If unable to attend a game:
   a) Please notify EOC as soon as possible if you are unable to attend any of the
      games for which you received a disabled parking space. Your effort will ensure
      that individuals on the waitlist have an opportunity to attend the game.
   b) Notification to EOC can be as late as the day before the game.

5) Waitlist:
   a) An applicant who does not receive a space for all requested games will be
      placed on the waitlist in the order each request is received.
   b) Should a space become available, the applicant will be promptly notified.
   c) Depending on the time frame, game day placards can be mailed out; picked-up
      at EOC in University Center A, 6th floor; or left at the Florida State University
      Police Department for afterhours pick-up. When contacted, EOC will follow
      applicants’ preferred method of retrieval.

If you have any questions, please call or email the EOC at, (850) 645-6519 or
EOC@admin.fsu.edu, or Kendrick Scott at, (850) 645-2731 or kpscott@fsu.edu.

Thank you for your participation in the Football Disabled Parking Program.
